#### **Our advertisers & sponsors**

#### Shmuel De-Leon Readers Save \$150!

29-31/10/2024 Virtual High Voltage EV and ESS Battery Seminar (6 hours - 3 parts of 2 hours each) Program and registration

17-19/12/2024 Battery Virtual Seminar (6 hours - 3 parts of 2 hours each) - 16:00 PM Central Europe Time, 10:00 AM EST USA Time - Program and registration

#### Frontal Battery Training

4th USA High Voltage EV & ESS Battery Pack Design and Production Hands-On Seminar. November 14-15, 2024, Lake-Orion, MI, USA

3rd Battery Safety, Storage, and Transportation Hands-On Seminar, Waxahachie, TX, USA, November 18-19, 2024

#### Special Offers

Shmuel De-Leon Energy provides an on-demand purchasing services for cells and batteries from all chemistries and vendors

Shmuel De-Leon Energy provide a new Battery Daily News Service - Sign up for free 30 days trial

Shmuel De-Leon Energy Provide a new Battery Daily Patent Newsletter service - Sign up for free 20 days

#### **Batteries and Super Capacitors news**

Nevada is getting the world's first lithium-sulfur battery gigafactory

LGES signs supply agreement with Ford to boost localised battery production

Forge Nano Receives \$10M Investment from GM Ventures to Pursue GM Battery Material Enhancements for Future Electric Vehicles

Hyundai Motor to Have Industry-Leading 300Wh/kg LFP Battery in 2025

New Lithium Manganese Iron Phosphate Batteries Scaling to Over 300 Gigawatt Hours
Per Year in 2025

China's Great Power Energy to Invest USD140 Million in Lithium Battery Project

Just the Facts: Altech unveils major energy capacity boost in lithium-ion battery technology

Apple Worked with BYD to Develop Breakthrough EV Battery: Report

Unlock new possibilities in battery testing with the <u>BCS-900's</u> **negative voltage capabilities**. Test cells down to -5 V with precision and accuracy, revealing insights into performance that traditional systems miss. Ideal for **advanced applications** like reversible electrochemistry reactions or symmetrical cells, negative voltage testing offers a deeper understanding of cell degradation. Empower your research with BioLogic's BCS-900 Series Battery cyclers.

CATL, world's largest EV battery maker, launches R&D centre in Hong Kong

EV Battery Analytics Provider Liminal Raises \$10 Million

LPO Announces Conditional Commitment to Aspen Aerogels to Produce Aerogel Blankets and Improve Electric Vehicle Battery Safety

<u>Graphene Manufacturing Group engages with Australian government on battery solutions</u>

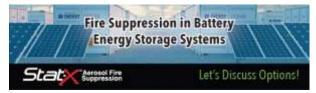

Flash Battery opens U.S. subsidiary

Gov't, not EV battery makers, to inspect product safety

Marula nearing finalisation of JV with Chinese battery manufacturer

IBC forms \$1.2b joint battery venture with China's CATL

<u>Chinese research team develops new type of eco-friendly fire extinguishing agent targeting lithium battery flame</u>

<u>Stat-X®</u> condensed aerosol fire suppression is a solution for energy storage systems (ESS) and battery energy storage systems (BESS) applications.

The Stat-X product was tested for efficacy in putting out Li-ion battery fires. It was

found that the Stat-X agent successfully extinguished single and double cell battery fires. This testing was conducted in parallel with a large battery fire testing program. DNV GL conducted the testing. Stat-X also offers regulatory certainty.

TotalEnergies and Valeo boost partnership to improve EV battery solutions

Indonesia Battery Corp, CATL unit sign JV deal, state media says

TWAICE and Element Materials Technology advance US battery development

EV battery prices drop faster than expected, paving the way for more affordable packs

The world's first commercial sodium-ion battery production line begins operation

<u>Tesla reaches major manufacturing milestone with innovative battery technology — here's why it matters</u>

#### **Battery Materials news**

AMERICAN BATTERY FACTORY SIGNS MOU WITH TINCI MATERIALS FOR BATTERY CHEMICAL MATERIAL SUPPLY

<u>International Graphite exceeds battery-grade specifications in graphite concentrate purification tests</u>

New process to synthesize cathode materials for lithium-ion batteries

Atlas Materials, 6K Energy sign processing and refining MOU to develop EV battery supply chain

NEO Battery Materials Signs Letter of Intent for Joint Venture with Lotus Energy Recycling

Exclusive: South 8 raising \$25M for tougher batteries

Nine and GEM launch the first lithium battery recycling project in the two-wheeled electric vehicle industry

Make NEI your partner for Battery Material Solutions and discover how our Advanced Materials and Services can elevate your battery technology. Contact us

today! https://www.neicorporation.com/products/batteries/

<u>Cirba Soluions angles for \$200 million in DOE funding for South Carolina battery materials plant</u>

Tianqi Lithium Debuts at Li-ion Battery Europe 2024

Indonesia to export EV battery material to US next month, minister says

Researchers develop polyurea membranes for lithium recovery from waste batteries

Korean based electric vehicle battery manufacturer agrees to settlement with Commerce recycling center

FPX completes pilot refinery tests by making battery-grade nickel sulphate

#### **Chargers & BMS News**

Battery Smart completes 50 million battery swaps in India

<u>U Power and Ualabee Join Forces to Bring Innovative Battery Swapping Solutions to South America's Ride-Hailing Market</u>

Hyundai, Kia seek gov't approval for battery-swappable EVs

#### **Grid Storage Batteries News**

Hithium forms Saudi Arabian JV with plans for 5-GWh battery factory

Root-Power submits planning applications for additional UK battery energy storage projects

DOE closes \$861M loan for solar, battery storage in Puerto Rico

Sumitomo forms JV for 1.5 GW of solar and battery storage projects

French battery maker NW receives EUR 430m to expand in Europe

Aecom collaborates with Tesla on battery energy storage system for Hornsea 3 wind farm

#### **Battery Industry Upcoming Events**

#### 5<sup>th</sup> Future Battery Forum (November 5-6, 2024 | ECC Berlin + online)

The **leading European management conference** brings together about **1,000 decision makers and senior experts** from the entire battery value system for two days of **exclusive C-level networking.** 

On 2 stages, about **90** speakers from industry and politics will discuss the most urgent topics for the European battery industry in keynotes, panels and tech talks. Besides this, the focus is on interactive formats like workshops, deep dives and excursions to industry sights – and not to forget the famous evening reception. **Over 90** exhibitors will showcase the latest technologies and solutions for the battery industry. www.futurebattery.eu – fbf@ipm.ag

The Battery Experts Forum (5-7 November 2024, Darmstadt, Germany) is one of the world's largest exhibitions around battery technology. Sponsors and exhibitors who are among the most important companies in the entire value chain of a battery are part of the international exhibition. In addition to cell and battery manufacturers, you will find suppliers of components and services as well as OEMs. Design, production and manufacturing solutions as well as complete battery systems, materials and components but also test procedures and recycling processes will be exhibited. The focus of the event is placed on the associated conference with the highest scientific standards. Here, over 100 leading users, developers and researchers from international companies and institutes, as well as opinion leaders, will speak about the latest industry trends over the three days of the event.

## 11<sup>th</sup> Workshop "Lithium-Sulfur Batteries", November 11–12, 2024, Dresden, Germany,

Details: <a href="https://www.iws.fraunhofer.de/en/events/lithium-sulfur-batteries.html">https://www.iws.fraunhofer.de/en/events/lithium-sulfur-batteries.html</a>
Lithium-sulfur batteries are envisaged to enable energy storage devices with high specific energy at low material cost. Following the success of the past ten years, the 11th Workshop "Lithium-Sulfur Batteries" will again bring together an international audience of renowned scientists and industry representatives who will present latest results, new materials, processes, and applications in the field of Li-S batteries.

EV Batteries: Electrified Vehicle Engineering, British Motor Museum, Warwick, United Kingdom, 12-13 November 2024 <a href="https://bit.ly/sdle-imeche-">https://bit.ly/sdle-imeche-</a>

evbatteries 2024 Join the IMechE's EV Batteries conference to meet with engineers, researchers and industry leaders to discuss the progress in battery electric and hybrid vehicle development. Hear more about the latest updates in cost efficient design, infrastructure challenges, testing and monitoring across all BEVs, hybrids and off-road vehicles as well as marine and rail application areas.

NASA Aerospace Battery Workshop 2024 conference, 19-21/11/2024

Date: 19-21<sup>st</sup> November, 2024, <a href="https://www.cnibf.net/en/">https://www.cnibf.net/en/</a> As the earliest battery industry exhibition in China, CNIBF is undoubtedly the one-stop platform for batteries industry. Located in Shanghai, the global economic center for international companies to enter into Chinese market, CNIBF is aimed at assisting you to discover new market with one hundred thousand accurate buyer datas and 500+ high quality enterprises from all over the world, including Panasonic, LG, Samsung, MAXCESS, SK CHEMICALS, TUV RHEINLAND, ZTE, BYD, ABB, etc.

#### Shmuel-De Leon Readers Save \$150!

AABC USA - Las-Vegas, NV, USA 9-12 December 2024

NAATBatt 2025, the 16<sup>th</sup> annual meeting & conference of NAATBatt International, will be held on February 17 – 20, 2025, in Orlando, FL, USA. The meeting will feature talks by most of NAATBatt's 330+ members, market analyst reports, interactive breakfast table discussion groups, and the best networking and market intelligence opportunity anywhere in North America about the advanced battery industry. For more information, click here.

17th Battery Japan, 19-21/2/2025, Tokyo, Japan

13th International Conference

# Thermal Management For EV/HEV 2025 © © ©

Part of Automotive IQ's EV System-Level Efficiency Week

Automotive IQ is thrilled to announce that the 13th Annual Thermal Management for EV/HEV conference is returning to Munich, Germany from 25th - 28th February 2025 featuring red-hot topics and brand-new speakers. The 2025 Thermal Management agenda will feature \*brand new presentations and discussions\* on PFAS Ban & Future Refrigerants, thermal management modules and software to control it, modular thermal management and control strategies, as well as simulation, modelling & virtualisation. Speakers from major OEM and Tier-1 companies will also

zero-in on the latest advancements in **battery thermal management**, climatisation of the **cabin**, **immersion cooling** & new cooling technologies and the use of **use AI & machine learning** to design a an extremely efficient thermal management system.

Intersolar & Energy Storage North America (IESNA) is the premier US-based conference and trade show focused on solar, energy storage, and EV charging infrastructure. Dedicated to accelerating the energy transition, the event will deliver forward-looking education, impactful networking, and an expansive exhibit hall experience—including the crowd-favorite Solar Games competition—on February 25-27 in San Diego, California. Learn more: <a href="https://buff.ly/3z5R86K">https://buff.ly/3z5R86K</a>

March 5th-7th, 2025 - InterBattery2025 - InterBattery 2025, first launched in 2013 in Seoul, Korea, has become world top battery exhibition with the world's leading battery manufacturers such as LG Energy Solution, Samsung SDI, and SK On. Interbattery shows various new products and technologies related to battery industry. Discover your opportunity by broadening your perspective and relationships with InterBattery 2024: <a href="https://interbattery.or.kr/">https://interbattery.or.kr/</a>

International battery seminar & exhibit 2025 - March 17-20/2025

Battery Show Middle East will take place in Dubai, Emirates on April 7-9, 2025

#### **E-TECH EUROPE 2025**

A showcase for innovation, a global networking platform, a reference point for the industry and a place for both training and sharing information for the entire supply chain: at its firth edition E-TECH EUROPE 2025 returns at Bologna Exhibition Centre next 15 - 16 April 2025 bringing the entire automotive supply chain together all at once: from manufacturers of individual electrical and electronic technologies, to component developers and vehicle manufacturing companies.

### RE-BATTERY 2025

#### **RE-BATTERY 2025**

RE-BATTERY 2025 returns at Bologna Exhibition Centre next 15 - 16 April 2025: it's Southern Europe's largest international trade fair for battery producers, recycling companies, raw material suppliers and the entire battery supply chain. RE-BATTERY will be hosted by E-TECH EUROPE 2025, the event dedicated to the production and the entire supply chain of all electric vehicles, automotive interiors, transport solutions and much more.

16-17 April, 2025 | Atlanta, GA

https://www.thebatteryshow.com/lp/2024/tbs-south.html

CLNB 2025 is one of the largest industry event in China's new energy field. Setting together "forum, exhibition, activity", this event will gather **150+** senior speakers, **1,300+** Exhibitors, **9,000+** Conference Delegates and **30,000+** Professional Visitors, focusing on 6 specific sessions covering <u>Battery & Battery Pack</u>, <u>Energy Storage</u>, <u>EV</u>, <u>Battery Materials</u>, <u>Battery Recycling</u> and <u>Country Pavilion</u>. Register and get 10% off using the code 'CLNBSDE':

https://clnb.smm.cn/en/home?fromId=eb1d86ca8a&from=59.

<u>The 16th China International Battery Fair (CIBF2025)</u>, organized by China Industrial Association of Power

Sources, was originally planned to be held in Shenzhen, China - 12-16/5/2025.

- Join 19,000+ fellow engineers, executives, thought leaders, professionals and decision-makers at the Messe Stuttgart, Germany on 3-5<sup>th</sup> June, 2024 for three electrifying days, filled with opportunities to source the latest technologies from 800+ exhibitors, develop your industry knowledge at our expertly curated three-track conference and network with like-minded peers.
- Register Today: https://register.thebatteryshow.eu/E6PKM

AABC Europe 2025, Mainz, Germany, June 23-26, 2025

<u>Battery Cells & Systems Expo</u> (9th & 10th July 2025) will bring together automotive manufacturers, electric utilities, battery system integrators, cell manufacturers and the entire manufacturing supply chain. A truly unique showcase, companies from around the world will use the show to launch products and demonstrate their technology to an audience of professionals.

Vehicle Electrification Expo (9th & 10th July 2025) enables automotive manufacturers

to look at the latest powertrain solutions to improve the performance, efficiency, safety and sustainability of vehicles including light electric vehicles, passenger cars, commercial vehicles, buses and off-highway industrial vehicles. The show will bring together the entire supply chain involved in electric and hybrid vehicle manufacture and development showcasing the very latest technologies for this rapidly growing market.

The 10th World Battery & Energy Storage Industry Expo (WBE 2025)--Hyperlink: <a href="http://en.battery-expo.com/">http://en.battery-expo.com/</a>

August 8th-10th, 2025, | China Import and Export Fair Complex, Guangzhou WBE 2025 will showcase a wide range of products, including various batteries, battery packs, cells, and BMS. Exhibits will feature energy storage solutions, battery charging and swapping technologies, raw materials and components, manufacturing and testing equipment, recycling systems, and international logistics. Additionally, the expo will highlight advancements in hydrogen energy and its applications.

Solid-State Battery Summit 2025 will take place in Chicago, II, USA on August 12-13, 2025.

Schive AS, Asker, Norway together with Shmuel De-Leon Energy will organize the 7th Oslo Battery Days conference in Oslo, Norway, August 18-20, 2025

The highlight industry event for battery and H/EV professionals is back! The Battery Show and Electric & Hybrid Vehicle Technology Expo is headed to Downtown Detroit for the very first time on October 6-9, 2025 at Huntington Place. Link: <a href="https://register.thebatteryshow.com/">https://register.thebatteryshow.com/</a>

Batteries Event 2025, 5-7/11/20254, Lyon, France covers all aspects of the circular economy value chain, starting from the production of the battery to recycling. Its objective is to create a perfect forum where all International battery industry key players such as OEM, cell and pack manufacturers, end users, experts, researchers and recyclers will come together to discuss and exchange on new chemistries, manufacturing process, battery components, battery second life, regulation, future expectations and innovations. After a very successful 2026 event that gathered 1100+participants from the battery industry, their goal is to keep growing and welcome more than 1200 participants, 130+ exhibitors, sponsors & partners as well as 175+international speakers in 2025! Join them and do not miss THE event where all stakeholders and decision makers gather every year!
